CONGRESS.

REFORTED FOR THE ALEXANDRIA GAZETTE. Senate, Thursday May 24.

Mr. Benjamin called attention to the necessity of doing something at once with the bill from the Judiciary Committee, to provide for the negroes now at Key West. It authorizes the President to enter into contract with any person or corporation to receive from the United States authorities the Africans seized in vessels engaged in the slave trails, and to support them for six months from the date of their landing on the coast of Africa, provided the cost of the same shall not exceed \$100 for each person. The President is also authorized to use a vessel of war to transport them to Africa. The sum of \$200,000 is appropriated for the pur-

poses of the bill.
Mr. Pugh offered an amendment to extend the period during which the negroes are to be supported, to not less than one year instead of six months. Adopted.

Mr. Day's opposed the policy of making this appropriation. It did not fall within the obligations of this government to provide for their support in Africa for so long a

Period. Mr. Benjamin advocated the bill, and contended that by our treaty stipulations its passage was demanded. Mr. Davis caused the treaty to be read, to

show that no such obligations existed. Mr. Brown contended that the negroes were slaves at home, and that if it was inhuman to return them home, it was not inhuman to bring them away. As the treaty required it, however, he would send them back, but not vote money to support them. Mr. Fessenden responded, contending that it was inhuman to turn the negroes adrift

without providing for their support. Mr. Davis replied, sustaining his previous position. He offered an amendment to strike | Senr. 1 out all of the bill except so much as related simply to sending the negroes back to & Bro.

ZE THE UNIVERSAL COUGH REMEDY in cases of Whooping Cough. There are probably more cases of Whooping Cough continued to great leigth of time by the use of Remedies containing expectorants, which not only aggravate the Cough, but run down the system, making the Cough fatal, or producing Consumption, than by any other cause. This is completely obviated in the Universal Cough Remedy, which contains nothing to produce neausea or prostration; and the Cough yields naturally, while the system is sustained,-Results justify this declaration, and all are asked to satisfy themselves by trial. THE INDEPENDENT ORDER OF RECHABITES celebrated by a procession, and other exercises, yesterday afternoon, the meeting of the High Tent and General Convention of

their Order, held in this city. At 6 o'clock, the High Tent, members of the Convention, and of Virginia Tent, of this city, assembled in front of Sarepta Hall, and preceded by a band of music, paraded the streets of the city in the order laid down in the programme, published by us a few days since. The line was in charge of Mr. Jefferson Tacey, marshal. The members were the neat but showy regalia of the organization. Two splendid banners were also displayed in the line. The first, a handsome one, with white silk front, displayed the figure of Hope, and the motto of the organization-" Temperance, Fortifude, and Justice." The reverse, of blue silk, ex-
